PROFESSIONAL SUMMARY

Results-driven GoHighLevel (GHL) Specialist with 9 months of hands-on experience building high-performance CRM ecosystems. I bridge the gap between standard GHL features and complex business needs through custom CSS/JavaScript and AI integrations. **Architect and launch fully functional, animated funnels in under 30 minutes.**

PROFESSIONAL EXPERIENCE

GHL Specialist & Automation Developer

9 Months · Current

Freelance / Agency Clients

- Engineered advanced automation workflows to streamline lead nurturing and appointment setting.
- Developed custom-coded funnel elements that increased user engagement and conversion rates.
- Integrated AI-driven chatbots using LLM APIs to automate client interactions.
- Managed end-to-end CRM setup for multiple agency clients with 100% technical accuracy.

SPECIALIZED NICHE

Vehicle Dealership AI Solutions

Developing AI-powered CRM solutions specifically for vehicle dealerships — automating inventory inquiries, lead qualification, and follow-up sequences through intelligent chatbot integrations.
